

About the Clayton Chamber of Commerce:

The Clayton Chamber of Commerce (CCOC) is a non-profit economic advancement civic organization dedicated to Building Clayton's Future. Building Clayton's Future is our three-year strategic plan with specific goals that tie directly to CCOC's new mission statement: The Clayton Chamber of Commerce champions business, economic development, and education in Clayton, NC.

About the Clayton Chamber Foundation:

Separate from the Clayton Chamber of Commerce, the Clayton Chamber Foundation is a 501(c)(3) nonprofit organization established in 2019. Its mission is to raise funds to support and advance CCOC initiatives for the betterment of the Clayton community. In 2020, the Clayton Chamber Foundation also established the CCF Small Business Grant in response to the economic hardship resulting from COVID-19. Contact us for more information on how to make a charitable donation to this foundation.

The CCF Small Business Grant Fund:

The Clayton Chamber Foundation Small Business Grant (SBG) was established in response to the economic hardship caused by COVID-19 in an effort to support Clayton area small businesses. For each eligible business that applies, the CCF Board of Directors will be reviewing applications and disbursing grants of up to \$2,000.

The amount and number of grants the Clayton Chamber Foundation is able to distribute to our community is completely dependent on the amount of community donations into the Small Business Grant Fund. This is why the CYT Summer Benefit Program is so extremely important and valuable for our community at large. We are so thankful for your partnership and fundraising efforts!
